Relay race—Richmond College and George Washington; Georgetown and Johns Hopkins University.  
Pole vault, shot put, high jumps are going on during the races.

College athletes from many sections of the country will gather in Richmond today for the greatest indoor track meet ever held in the South. The entries are all in; the judges are picked, and early this evening the track will be in complete readiness.

The events will begin promptly at 8 o'clock, and will continue in rapid succession until about 10:30 or 11 o'clock. The last event will probably be the most exciting of all—the relay race, which has been arranged between Georgetown University and Richmond College. Georgetown is recognized as being always at the top-notch in all athletic events, and Richmond College will have to hustle to keep up with her speedy rivals. However, the Richmond College team has been practicing hard; it is in fine trim, and every one of the four men is quick on the get-off and speedy of foot when the race is well begun.

In all there will be eight or ten relay races, enough to furnish excitement and interest through the entire three hours of the meet. They will be so interspersed among the other events as to keep the crowds on the qui vive the whole time, and to lessen the monotony which might otherwise be occasioned by such events as throwing the hammer or putting the shot. Yet all the matches will be interesting, for the entrants are men of high standing in the collegiate athletic world, and the keenest rivalry will be observed throughout the competitions.

**Expect Large Crowd.**  
Numerous prizes will be awarded to the victors of individual events, and Hickman and White, proprietors of a sporting goods house in Washington, have offered a handsome silver cup as a trophy for the college winning the greatest number of points in the collegiate events. The cup is of very handsome design and is suitably described.

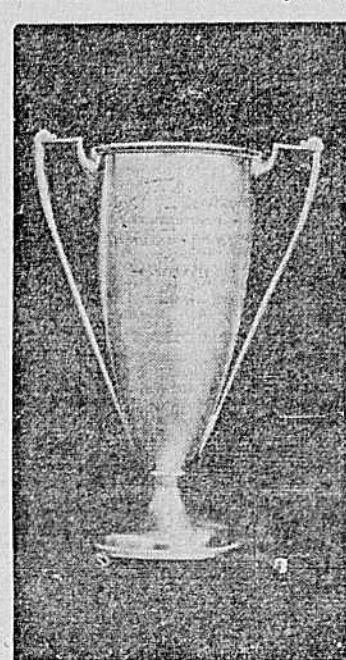

Tickets for the meet are being sold with great rapidity, which indicates that all the sports lovers, society people and people in general are looking forward to the meet with the greatest anticipation. Evening clothes will be the regulation dress for the night, and everybody in the ring will be dressed accordingly. The sale of boxes has been very gratifying to the management, and by to-night there will hardly be one left. Tickets will be on sale at the Strauss cigar store on Main Street, until 6 o'clock this evening, and thereafter will

880-yard run—Melvin W. Shepard, New York, 1 minute 55 2-5 seconds; 1906.  
Relay racing, 1,760 yards; teams of four men, each man running 440 yards—3 minutes 21 2-5 seconds; New York A. C. team, composed of B. J. Wefers, M. W. Long, T. E. Burke and H. S. Lyons; in New York City, August 28, 1898.

be sold at the gates at the Horse Show Building. It is expected that there will be a record-breaking crowd, as all the universities, colleges and schools have a strong list of friends and alumni in the city who will be on hand to cheer them on to victory. Richmond College has engaged a "rooting bench," and other colleges will probably follow their example. Altogether, the meet promises far to exceed that of last year, both in point of attendance and in the number of entries. Several star athletes will be here from Georgetown, Pennsylvania, George Washington, Johns Hopkins and other well-known institutions to make an attempt to smash world records. Coe, of Michigan, expects to break the record of Ralph Rose for the twelve-pound shot, and it is expected that there will be other competitors in the same event. Sterrett, the great George Washington pole-vaulter, and Randolph, the Virginia hurdler and sprinter, will be among the noted competitors.

**Those Coming.**  
There are upwards of 800 entries in the various contests, and the aggregate value of the prizes to be awarded to the successful competitors will be in the neighborhood of \$1,000.

The universities, colleges, schools and clubs, which will be represented in the meet to-night, are as follows: University of Pennsylvania, George Washington University, Georgetown University, Johns Hopkins University, Catholic University of America, University of Virginia, Richmond College, Randolph-Macon College, Richmond High School, Richmond Academy, McGuire's School, St. Andrew's, Washington School for Boys, Army and Navy School, Washington Central High School, Episcopal High School, Woodberry Forest School, Locust Dale Academy, Mount Washington Club, Baltimore A. C., Richmond Howitzers, Maryland A. C., Norfolk Y. M. C. A., Newport News Y. M. C. A., Newark Y. M. C. A., Newport News Y. M. C. A. Officials. Referee—Dr. William Grant, Baltimore. Clerk of Course—Dr. James A. Kelly, Georgetown University. Starter—B. J. Wefers, Washington.

## HAMMOND JOHNSON TO BE FIELD COACH

Advisory Board Adopts System for Athletic Training Similar to Yale.

(Special to The Times-Dispatch.)  
CHARLOTTESVILLE, Va., January 25.—The advisory board of the General Athletic Association of the University of Virginia voted to establish the alumni system of coaching in conformity with the expressed wish of the faculty, and elected Hammond Johnson, of Norfolk, field coach for the season of 1907. Johnson is one of the most brilliant players who ever represented Virginia on the gridiron, and for two seasons has been awarded a place on the all-Southern team. The system of coaching in future will follow closely that in vogue at Yale. It will be in the care of a council of coaches consisting of Alumni Association coaches and a field coach, the latter to be as a rule the captain of the year previous. Such men as have played on former teams and seem needful for the full development of the team in training will be called into service.

## MARRIOT SAVED BY A MIRACLE

Going at Two Miles a Minute  
His Racing Car Overturned.

## DRIVER WAS PAINFULLY CUT

Car a Complete Wreck and the  
Boiler Blown Fifty Yards  
Down the Beach.

ORMONDE-DAYTONA BEACH, FLA., January 25.—Fred A. Marriot, while driving the cigar-shaped steam racer at a pace of two miles a minute, in an effort to break the world mile record, today struck a slight ridge of hardened sand on the beach. The force of the blow lifted the front wheels of the racer from the ground, disarranged the steering gear, and pitched the car after a leap through space, on its side. The momentum of the car caused it to roll over and over, with the helpless driver pinned fast in the hood. The framework of the car was splintered to fragments, the machine, twisted out of all semblance, and the boiler hurled fully fifty yards down the beach.

Fortunately the fuse blew out of the boiler and left the steam escape, thus doubtless saving the life of Marriot, who lay unconscious across the front wheels with the wreckage of the machine piled about him. He was carried to the clubhouse, where examination showed that no bones were broken. The scalp, face, hands and arms were gashed and torn. At 3 o'clock, Marriot had revived, and told his story of the accident, placing the blame on the fact that his car, going at such terrific speed, made the slightest sand-ridge impossible to negotiate.

Mrs. Marriot was notified immediately after the accident. Marriot's time for the mile made just previous to the accident was 23-2-5 seconds, 12-5 seconds slower than his time last year. Perfect weather and beach conditions favored the last day of racing in the Ormonde-Daytona automobile tournament.

There were five events on the card, including Marriot's attempt to reduce the record of 23-1-5 seconds for the mile.

The other events were a five-mile club championship, for amateur drivers only, and special match races at one, six and twelve miles.

The six-mile handicap, for amateurs, was won by Laughlin in a thirty horse-seconds actual running time. Laughlin had a handicap of 1 minute 4 seconds. The special twelve-mile event, between an English and an American touring car, stripped, was won by Hutton, in the English car, in 13 minutes 12-5 seconds.

William Ray, of Brooklyn, established a new mile record for two-cylinder motor cycles. His time was 44 2-5 seconds.

## SKATING RACES DRAW BIG CROWD

Taylor Did Fine Work and Won  
First Contest—Free-for-All  
Match.

The triple bill at the big skating last night again served to draw an immense crowd, who enjoyed the two races and the series of new pictures shown.

In the first contest, a pursuit race, with Frazier and Taylor pitted against Hancock and Collier, Taylor caught and passed the field after a little over a mile of racing, Hancock being the last one for him to go after. Taylor had to gain three-fourths of a lap to catch Hancock, and in so doing put up the speediest race he has accomplished for some time.

In the free-for-all, fifteen-minute contest, a field of eight started. The field gradually dwindled down to two men, Haley finally winning by about ten feet, with Noel second. At the end of twelve minutes, Pollard was leading, with Haley second, Noel third, and Hawley fourth. Hawley soon fell out of the contest, with two more minutes to skate, Pollard, who was leading, fell, leaving only Haley and Noel in the contest.

Frequent spurts between the two as they tried to take the lead from one another aroused much enthusiasm. At the expiration of fifteen minutes Haley had covered four miles and three laps. The pictures shown and to be shown next week during the engagement of the eight Carnivals were the best yet seen here. "The Merry Frolics of Old Satan," being especially good. This picture takes 75 feet of film, and is about thirty minutes. It is a miniature reproduction of Hanlon's "Fantasia," and kept the crowd in an uproar during its entire length. "Our New Cook," "Tom Removers," and several others, all added their quota of enjoyment to the evening's program.

## WILL PLAY HERE Schedules of Lafayette and Georgia Universities Announced.

The University of Georgia has completed its schedule of basketball games for the coming season. The schedule comprises games with some of the best teams in the South, several of which will be in Virginia.

The first game will be with Washington and Lee University, at Lexington, on April 22d. The Georgians will play the V. M. I. April 23d, at the same place, and on the 24th and 27th will play with the University of Virginia at Charlottesville.

Lafayette College, of Easton, Pa., will come South for several games, and will bring an exceptionally strong team. Their schedule in the South will be as follows: March 21st—University of Virginia, at Charlottesville, Va.  
March 22d and 23d—Trinity at Durham, N. C.  
March 25th and 26th—University of North Carolina, at Chapel Hill, N. C.

## FOX-HOUND PRIZES FOR BENCH SHOW

Association of Masters of Packs  
Gives Cups for Coming Westminster Kennel Meeting.

(Special to The Times-Dispatch.)  
NEW YORK, January 25.—One of the attractions this year at the bench show of the Westminster Kennel Club will be the exhibition of fox-hounds, which will be the best ever seen in the Garden. The recent organization of the Masters of Fox-Hounds Association, composed of nine hunts in Pennsylvania, seven in Virginia, five in Maryland, four each in Massachusetts and New York and three in New Jersey, shows conclusively that the sport of following the hounds is growing in this country, and with this has come the necessity for keeping up the packs by breeding and importation.

The conditions for hunting in this country, however, are so different from those in England, that Harry W. Smith, leading M. F. H., has met together, in an association the masters of thirty-two hunts, and efforts will be made not only to stimulate the holding of meets, but to improve the breed of hounds, so that the American hound will hold his own in any company. To this end the association has offered open to members only, all entries to be bred by master or hunt entering the same.

The Masters' Challenge Plate for the best pack (five couples) of American fox-hounds.

The Association Cup for the best American foxhound.

The Association Cup for the best unentered couple of American fox-hounds.

The Masters' Challenge Plate for the best pack (five couples) of English fox-hounds.

The Association Cup for the best English foxhound.

The Association Cup for the best unentered couple of English fox-hounds.

In addition the Westminster Kennel Club provides for hounds not necessarily bred in America, there being the 150 plate for the best pack of English fox-hounds (five couples) and another of 150 for the best pack of American fox-hounds (five couples). In both classes the packs must be shown by the M. F. H. in costume, accompanied by whip or huntsmen, also in costume.

The show will be held in the Garden, as usual, February 13th to 15th, and entries close January 26th, with James Mortimer, superintendent, room 312, Townsend Building, No. 1123 Broadway.

## AUTOMOBILE ROAD TO REACH TUXEDO

Private Highway to Be Constructed From This City and Extend for Forty-Five Miles.

SUFFERN, N. Y., January 25.—An automobile highway, which will be a private road, is to be constructed from the Forty-second Street ferry, New York, through the Jersey meadows and Northern New Jersey, to Tuxedo, N. Y. The road is to be forty-five miles long. The Motor Car Roadway Company has been organized for the purpose of constructing this roadway, and after the completion it will cut off a large amount of automobile travel through Rockland county to another from the fashionable resort of millionaires, as it is at present. A large number of automobiles come up from the city to Nyack and then proceed westward through this country to Tuxedo Park. The construction of the proposed roadway doubtless will cut off at least a part of this travel.

It is to have two tracks thirty-five feet wide, divided by a thirty-foot road, which will be raised to a height of four feet, on which a double track railroad for motor-driven trains will be built. There is to be a tollgate station at each crossing road, so that the road will be used for demonstrating trips by automobile dealers and agents.

The company is capitalized at \$10,000,000, of which \$4,000,000 is to be 6 per cent. preferred stock, the remainder being common stock. Work on the new road is to begin early in the spring and to be completed in two years.

## WARN SKATERS. Police Notify Them That Ice Is Too Thin.

The Police Department wishes to warn all skaters in the city that some of the ponds are covered with ice too thin for safe skating. The city ordinance says that if the ice be unsafe the police shall mark all dangerous places with a red flag by day, and by night with a red flag and red light, which shall be suspended from a pole twenty feet high. If only a part of the ice be unfit, that part shall be roped off.

Any person found on the pond or body of water so marked is liable to a fine of \$2.50 or a term of twenty-four hours in jail.

## DEEP RUN HUNT.

Hounds Will Meet This Afternoon at Rio Vista.

Deep Run Hounds will meet at 3:30 o'clock this afternoon at Rio Vista. The usual reception will be held at 4 o'clock at the club-house. The following ladies will compose the receiving party: Mesdames P. W. Stark, L. C. Lewis, C. W. Whiteley and B. H. Ellington and Misses Lillian Bluff, Elizabeth Davenport, Roberta Smith and Louisa McAdams.

H. R. POLLARD, JR., Trustee.

## ORGANIZE TEAM FOR TOURNAMENT

Richmond May Be Represented in St. Louis National Games.

Scores Last Night.

Manager E. G. Whitman, of the Lake Alleys; Mr. L. N. Williams, of Williams Alleys, are now preparing to organize a city association amongst the various teams and leagues not in operation in this city under the new association. All of the different teams from the different alleys will be under their management, and each individual team and players will be on an equal footing. By organizing the new association Richmond will be allowed to enter the year-end bowling tournament, which is to be held in St. Louis in March. All games will be played strictly under the rules and regulations of the American Bowling Congress.

## Game Last Night.

The Amateurs and the Athletics teams of the Young People's League rolled the second game of the season at the Lake Alleys last night. Both sides showed a wonderful improvement over last week's scores. The Athletics won all three games, and the match by only fifteen pins' majority over the Amateurs. These games are among the best ever played in the city, and are being made. The following are the last night's scores:

ATHLETIC TEAM.

## THAT BASEBALL GAME. Pikers Had Everything Their Own Way Yesterday.

A vast area of vacant grandstand and bare bleachers, a gloomy sky, and a few heavily-coated mortals hanging over the fence, fully described the scene of the baseball game between the Rays of the "Dove" and the "Pika Company," and the "Brownies." The Rays started the ball about a bit, and made some splendid runs against a field full of Brownies. There were two or three of the latter who stood on the side lines, and cheered a Ray every time he made a strike, or a home run, and a home run. Often the sphere would be hit as far as the pitcher's box; on rare occasions it went beyond, even as far as behind second base. The game was too fast for the spectators, who were over the fence, and in the interest of interest, and in an hour or two they crept silently away. It was a splendid game, and by and by the score stood a thousand to nothing in favor of the Pikers. Then every one went dejectedly home.

## DRIVER NUCKOLS HURT. Was Thrown While Training a Young Horse.

CLEVELAND, O., January 25.—Vance Nuckols, the well-known driver, was painfully hurt this week while driving a young horse at Glenview race track. Nuckols was thrown from his sulky and rendered unconscious by a fall, and remained in a serious condition for some time.

He was removed to his home, where he will be laid up for probably a week. No bones were broken.

## Richmond Man Drops Out.

PETERSBURG, Va., January 25.—E. B. Fritts, of Norfolk, who was the one-mile runner in the Washington Street rink to-night from Figs. of Richmond, and Sonny Hughes, of Petersburg, was dropped out on the sixteenth lap. Hughes was about one lap behind the winner.
